**Hire Counsel** is the trusted single source for all eDiscovery solutions, making every document review convenient, flexible, and seamless from beginning to end. We have the resources and expertise to manage reviews of every size and subject matter. Our focus is delivering results on time and on budget.

- **Document Review Centers**. Conveniently located and designed for comfort, our state-of-the-art centers meet the highest standards of security, quality, and efficiency and can accommodate reviews of any scale and scope. In addition to our nationally located centers, we can also build pop-up facilities anywhere.
- **Document Review Staffing**. We recruit experienced and highly vetted attorneys who are fully dedicated to your project, regardless of language, complexity, scope, and duration. Our collaborative culture, which celebrates collective success and ownership through our ESOP, has resulted in 3,300 professionals who have chosen to work with us on multiple projects.
- **Proven Project Managers**. Our onsite, CEDS certified project managers employ practical strategies and customized workflows to deliver accurate, measurable results that adhere to tight timelines and budgets. There are experts in tracking productivity, optimizing workflow, detailed daily metrics reporting, training, and oversight. They use structured analytics to search for data reduction opportunities, repeatable processes, and custom QC protocols to ensure quality, accuracy, and efficiency. We are technology-agnostic, which means we can collaborate with any vendor and use any technology platform preferred by our client.
